

## Important reminder from eBay Partner Network

[View in Browser](#)

You are receiving this email because we show that you currently use our [PlaceOffer API](#).

As announced earlier this year, Trading API support for publishers will be decommissioned and partners will need to remove all related dependencies as soon as possible. This includes removing integrations with the Trading API's PlaceOffer method which will stop supporting publisher use cases by mid-September.

### **What does this mean for you?**

You will need to use a traditional affiliate model and leverage our regular Buy APIs. As there is not going to be an alternative option, please update your integration using a different tool provided by the [eBay Developer group](#).

Please flag this email as a reminder for you to take quick action. You can read more about migrating off APIs [here](#).

Please feel free to [contact us](#) with any questions.
