## General information

### When is a Sales Through Marketplace Facilitator Certificate required?

When a marketplace facilitator assumes the rights and duties of a retailer, the marketplace facilitator must provide this certificate or other similar document to the marketplace seller. This certificate is proof that the marketplace facilitator will collect and remit the taxes indicated in Step 3 to IDOR for sales made on behalf of the marketplace seller over its marketplace.

### Who keeps the Sales Through Marketplace Facilitator Certificate?

The marketplace seller shall maintain this certificate in addition to their books and records for all sales made through a marketplace in accordance with Section 7 of ROTA. We may request this certificate as proof that no tax was due by the marketplace seller. **Do not** mail the certificate to us.

### Can other forms be used?

Yes. You can use other forms or statements in place of this certificate but whatever you use as proof must contain

- the marketplace seller's name, DBA (if applicable), mailing address, and Illinois account ID or FEIN (or SSN if the seller does not have an account ID or FEIN);
- the marketplace facilitator's name, mailing address, Illinois account ID, and signature (including date signed);
- the effective date of the certification; and
- a description of the taxes being collected and remitted by the marketplace facilitator.
