

PARTS COMPATIBILITY LISTING TUTORIAL

Full Tutorial

LISTING PARTS

1. Identify your category, e.g. Discs, Rotors & Hardware:

either by selecting from a suggested category:

The screenshot shows the eBay 'Tell us what you're selling' page. At the top, the eBay logo is followed by a progress bar with three steps: '1. TELL US WHAT YOU'RE SELLING', '2. CREATE YOUR LISTING', and '3. REVIEW YOUR LISTING'. The main heading is 'Tell us what you're selling'. Below this is a section titled 'Find a matching category'. It contains a text input field with the placeholder 'Give us a title for your listing or enter a UPC, ISBN, VIN or Part Number.' and a 'Search' button. The input field contains the text 'brembo rotor'. Below the input field, there is an example: 'For example: levis 501 women's jeans, 1966 ford mustang'. There are three buttons: 'Search categories', 'Browse categories', and 'Recently used categories'. Below this is a section titled 'Buyers will see your listing in the category that you select.' Underneath, there is a sub-section 'eBay Motors' with three radio button options:
- Parts & Accessories > Car & Truck Parts > Brakes > Discs, Rotors & Hardware
- Parts & Accessories > Car & Truck Parts > Brakes > Caliper Parts
- Parts & Accessories > Performance & Racing Parts > Auto Performance Parts > Driveline & Transmission > Transmission

or by browsing through all available categories:

The screenshot shows the eBay 'Tell us what you're selling' page with the 'Browse categories' option selected. The 'Find a matching category' section is the same as in the previous screenshot. Below it, the 'Categories' section is expanded, showing a grid of category lists. The 'Discs, Rotors & Hardware' category is highlighted in blue. To the right of the category lists, there is a confirmation message: 'You've selected a category. Click Continue.' At the bottom, there is a section 'Categories you've selected' with a list: 'eBay Motors > Parts & Accessories > Car & Truck Parts > Brakes > Discs, Rotors & Hardware'. There are links for 'See sample listings' and 'Remove'. Below this is the text 'Add a second category and reach more buyers. (Fees apply)'. On the right side, there is a 'Category number: 33564'.

2. Review the parts returned from the eBay catalog:

The screenshot displays the eBay Motors catalog search interface. At the top, the eBay logo is on the left, and navigation steps are listed: "1. TELL US WHAT YOU'RE SELLING", "2. CREATE YOUR LISTING", and "3. REVIEW YOUR LISTING". Below this is a heading "See if what you're selling is in our catalog" and a sub-heading "When you select a product in our catalog, we fill your listing for you with product details that help more buyers find it."

The main content area shows the search results for "brembo rotor". The "Category selected" is "eBay Motors > Parts & Accessories > Car & Truck Parts > Brakes > Discs, Rotors & Hardware". A search bar contains "brembo rotor" and a "Search" button. A yellow callout box says "You can enter some more keywords to refine your search and get better results." Below the search bar, there are filters for "Year", "Make", "Model", and "Submodel", each with a "Select..." dropdown. A "Refine" button and a "Reset all" link are also present. A note says "Can't find your item in our Catalog? Continue with your listing and enter the details and compatibility information yourself."

The search results section is titled "Select the product that accurately describes your item. The product details will be pre-filled automatically." It displays a grid of 12 Brembo brake parts, each with a technical drawing and a photograph. The items are:

- Brembo 21030 Brake Drum** (Part Type: Drums and Rotors)
- Brembo 25330 Disc Brake Rotor** (Part Type: Drums and Rotors)
- Brembo 65388 Disc Brake Rotor** (Part Type: Drums and Rotors)
- Brembo 25745 Disc Brake Rotor** (Part Type: Drums and Rotors)
- Brembo 25389 Disc Brake Rotor** (Part Type: Drums and Rotors)
- Brembo 45303 Disc Brake Rotor** (Part Type: Drums and Rotors)
- Brembo 25357 Disc Brake Rotor** (Part Type: Drums and Rotors)
- Brembo 21047 Brake Drum** (Part Type: Drums and Rotors)

Each item listing includes a "Sell yours" button and a "Show details" link. The technical drawings show various views of the parts, and the photographs show the physical components.

3. You will be shown your part details. Confirm that these are correct and click **Select**.

The screenshot shows the eBay Motors compatibility tool interface. A modal window titled "Product Details" is open, displaying the following information:

- Name:** Brembo 65388 Disc Brake Rotor
- Type:** Disc Brake Rotor
- Brand:** Brembo
- Manufacturer Part Number:** 65388
- Compatibility:** This part is compatible with vehicles. You can edit the vehicle list on the next page.

Below the details, it shows "Sub Type: Disc Brake Rotor" and a "Stock Photo" of the brake rotor. At the bottom of the modal are "Select" and "Cancel" buttons.

The background shows a search for "brembo rotor" with filters for Year and Make. A list of product suggestions is visible, including Brembo 21030 Brake Drum, Brembo 65388 Disc Brake Rotor, Brembo 25389 Disc Brake Rotor, Brembo 45303 Disc Brake Rotor, and Brembo 23096 Brake Drum.

4. If you cannot find your replacement part in our Catalog, or if you prefer to enter the details yourself, proceed to the *Create Your Listing Page* by clicking on the **Continue with your listing** link. On this page, you can use the **Add Compatible Vehicles** button to specify the vehicles compatible with your part to increase visibility to your listing.

The screenshot shows the eBay 'Create your listing' page. At the top, the eBay logo is on the left, and navigation links 'SELL YOUR ITEM', 'TELL US WHAT YOU'RE SELLING', '2. CREATE YOUR LISTING', and '3. REVIEW YOUR LISTING' are in the center. On the right, there are links for 'Save for later', 'Help', and 'Contact us'. Below the navigation is a banner that says 'List an auction-style listing free - pay only if it sells' with a 'Learn more' link. The main content area is divided into sections: 'Categories where your listing will appear' (eBay Motors > Parts & Accessories > Car & Truck Parts > Brakes > Caliper Parts), 'Save to inventory' (Product inventory: Product: None), and 'Describe your item'. In the 'Describe your item' section, there is a callout box that says 'PART COMPATIBILITY A FREE FEATURE' and 'Improve your listing exposure by showing all the vehicles that are compatible with your part or accessory. Learn More'. Below this is a blue button labeled 'Add Compatible Vehicles'. A white callout box with a speech bubble points to this button and contains the text 'Click to specify compatible vehicles'. Below the callout, the listing form includes fields for 'Title' (Brembo 21030 Brake Drum), 'Subtitle (\$0.50)', 'Condition', and 'Condition description'. There is also a 'UPC' field with a barcode and the number 07678301699. At the bottom, there is an 'Add item specifics' section with a dropdown menu for 'Brand' (Brembo) and a 'Manufacturer Part Number' field.

5. To add compatible vehicles, first choose a Make, then one (or more) Models and Years to view a list of matching vehicles. Check the box(es) for all the vehicles that your part is compatible with.

Repeat this process to add additional vehicles from other manufacturers.

When you're done, click the **Save Changes** button to return to the *Create your Listing Page* to complete rest of your listing.
