

About 3M

3M is a global science company that never stops inventing since its foundation in 1902. With \$32 billion in sales, our 91,000 employees connect with customers all around the world. Scientists, researchers and marketers work across countries and across subjects to solve challenges big and small.

At 3M, we believe the right science applied the right way touches people worldwide. 3M harnesses the power of science to make the world safer, more efficient and more prosperous. We use our science to solve challenges with our customers, and to stretch toward our vision of advancing every company, enhancing every home and improving every life.

3M owns trademarks, copyrights and other intellectual property rights covering a wide range of diversified products worldwide. As 3M has built up a significant reputation in its marks and products over a large number of years, we are determined to protect our intellectual property in the most effective way possible. Accordingly, 3M will remove infringing listings through ebay's VeRO program to protect these valuable rights.
