Autodata Limited

Autodata Limited is a leading publisher of technical information for the automotive aftermarket. It has been publishing technical information since the early 1970s in all major languages. Autodata products are sold throughout Europe, North America and Australasia and are protected by copyright and trademarks.   Autodata information is available in printed and electronic formats. Subjects covered include Engine Management, Wiring Diagrams, Electrical Component Locations, Manufacturers' Service Schedules, Repair Times, Diagnostic Trouble Codes, Known Fixes and Bulletins, Timing Belts, Guided Diagnostics and many more.   The information Autodata publishes is researched from vehicle and component manufacturers' own technical information before being created into original copyright. Autodata goes to great lengths to ensure its information is accurate, comprehensive and therefore reliable and as evidence of its commitment to quality, it has gained certification to ISO 9001:2008

Important points to note

- Neither Autodata nor its distributors sell discontinued copies of its software.
- All genuine Autodata CD/DVDs versions must be registered through its registration team in order to access the information held on the CD/DVD. This can only be made through Autodata or one of its agents directly.
- Counterfeit copies of Autodata software maybe described as 'all makes' or 'service information' CD or in some cases as manufacturer specific car repair manuals on CD/DVD or vehicle diagnostic software.
- If you purchase counterfeit Autodata software through these suppliers you are funding illegal activity.

If you are a genuine user

The Autodata CD/DVD is provided under license and the license is non- transferable.

If you no longer wish to continue with your CD/DVD registration, please contact Autodata at registration@autodata.ltd.uk or your local distributor.

What can you do to report piracy?

If you suspect that piracy is occurring or you have a question about the authenticity of Autodata software, you can write to:

Iprights

Autodata Ltd

Priors Way

Maidenhead

Berkshire

SL6 2HP

England

Or send an email to: Iprights@autodata.ltd.uk

Or telephone: 01628 688222

All reports will be treated with confidence.

Additional information about software piracy and counterfeiting can also be obtained at the Business Software Alliance website at www.bsa.org/uk and through the Anti-Counterfeiting Group at www.a-cg.org.
