

In today's fast-paced society, health conscious individuals of all ages are looking for a trustworthy, reliable, and easily-accessible vitamin brand. With a 60-year legacy of providing vitamins and supplements backed by science, Bronson Laboratories is here to support your health and wellness intentions today, tomorrow, and beyond.

Each product manufactured by Bronson Laboratories is put through a rigorous process, ensuring that we deliver the best vitamins and supplements to your doorstep. Our FDA registered and inspected facility is cGMP-certified and located on Long Island, New York.

In addition, Bronson employs Good Manufacturing Practices (GMPs) to guarantee the potency of the final product. Each product begins with the finest raw ingredients that are laboratory investigated to meet our strict standards, and move on to numerous tests during not only the manufacturing process, but also the packaging process. As a result, the final product we deliver to our customers is the highest quality possible.

Message to sellers on eBay

Bronson does not tolerate the sale of counterfeit “Bronson” products and continues to monitor online activities of sellers providing counterfeit products and labels. Listings found to be using *and or containing* the following strategies will be flagged by Bronson’s anti-counterfeiting teams and will be reported to eBay for removal.

1. Using image editing software to mask the Bronson Trademark or logo in product photos in listings to give the impression that the merchandise does not have a Bronson trademark *or for any other purposes*
2. False product descriptions, titles, logos, counts, expiration dates and lot numbers and *any other false representations or product alterations.*
