

# Carrs Coins and Rocks, Inc.

Copper is the New Silver is our US Trademark slogan and no other eBay member is permitted to use our slogan in either Titles or item descriptions.

State of Florida registered bullion dealer, we now specialize in copper bullion rounds and bars. We supply many local and national dealers with wholesale inventory. Right now we see so many copycats that we are looking for yet another niche to fill. One so far unique niche is our genuine US Mint heavy canvas money sacks. No longer used by the US Mint, these new old find bags are a real piece of USA history and have many practical uses.
