Child Be Safe takes its trademarked brand very seriously. We work diligently to protect our reputation for providing the highest quality safety products to our customers. In order to protect consumers from counterfeits and other infringing products, we have partnered up with eBay's Verified Rights Owners (VeRO) Program to remove these items from eBay. Child Be Safe prohibits the use of any of the company's trademarks or copyrights in a manner that is likely to cause confusion, mistake or deception as to the source of the products or services advertised. The Child Be Safe name, its intellectual property, logos, designs, text, images, videos and product photographs are the exclusive property of Child Be Safe and any unauthorized use constitutes copyright and trademark infringement.

Trademark law requires that trademark owners take action against unauthorized or potentially confusing uses of their trademarks. Child Be Safe vigilantly monitors the use of its intellectual property on eBay to protect the integrity of its trademark interests and will immediately report any violation to eBay and request suspension of the auction or sale. You may not sell, purchase, or auction any items that infringe upon the Child Be Safe brand or its intellectual property, including our safety products, clothing, signage or other products that bear our trademarks on eBay.

Unless you are specifically authorized by Child Be Safe, its name, intellectual property, logos, designs, text, images, videos and product photographs may not be used to sell new, pre-owned, or used Child Be Safe products on eBay.
