Frequently Asked Questions (FAQ)

Q: Why was my listing removed?

A: Your listing likely used images protected by copyrights, typically from the Chill-N-Reel official website. You may not use copyrighted images on your listing without the consent of the copyright owner.

Q: I didn't realize I was infringing on a copyright when I used these images. Does this affect anything?

A: No, you may not use copyrighted images which are not your property regardless of intent or knowledge. You may not copy an image from Chill-N-Reel's website and use it in your listing.

Q: Why did Chill-N-Reel not reach out to me personally before reporting my listing?

A: When the company encounters intellectual property infringements, it must act quickly to remove them. It is not practical to contact every seller directly when countering intellectual property infringement, so reports must be made without seller contact in many cases.
