

UnitySafe

UnitySafe is a member of the eBay VeRO Program and the owner of the UnitySafe family of trademarks, and all associated intellectual property rights.

UnitySafe takes pride in the fall protection gear we manufacture. Our products adhere to the stringent ANSI and OSHA standards required of our industry. As such, we take great pride in the goods we offer and vigorously protect the use of our trademark.

Sadly, there are a significant number of counterfeit and/or infringing UnitySafe products being offered for sale on eBay. As such, UnitySafe reviews items for sale on eBay daily. We take great pride in the quality and workmanship of the products we produce and the warranties provided with those products. Accordingly, UnitySafe will remove infringing listings through eBay's VeRO program to protect these valuable rights.
