

Cypress Collectibles

Cypress Collectibles specializes in three distinct categories: embroidered iron-on patches, mint condition magazine back issues and custom made gun grips. Although we have many items listed and sell many auctions every day, "we" are really just a one-person operation from Northern California. That means that when you get an email from us, receive a nicely packaged item, see a handwritten "Thank You!" on the receipt or anything, you can know that it was all done by the same person - a person who is committed to customer service and your buying satisfaction. Read more below to find out about some of our products, and if you ever have any questions, just drop us an email!

All of the designs shown below are original creations of Cypress Collectibles. We have registered the copyrights on all of the designs below, and any reproductions by third parties, including derivative works, are strictly prohibited. Under the US Copyright law, the registration of a copyright within 90 days of publication is not only prima facie evidence of proof of ownership, but also entitles the copyright holder (us) to collect attorney's fees on any cases of infringement that arises. If you see any other online vendor selling any of the designs below, please contact us. We offer a \$1,000 cash reward for any information that leads to successful lawsuit against companies or individuals who are counterfeiting our original designs.
