A photo repository of advanced home shop projects. Welcome to the official ebay presence of Dan's Workshop. I occasionally list rare treasures from the nether world of tinkering and experimenting, and invite you to check out my listings from time to time.

For all you copyright violators

There have been a few bold sellers on ebay that think they can get away with stealing my website and selling it on ebay. Don't you be one of them. If you see any of the following pictures on ebay, or any of the pictures on my website , please let me know.

Also, if you see anyone selling a pdf file with 52 pages on the subject of building your own foundry furnace, it's probably mine which I happen to be selling on my own website.

What is the VeRO Program?

eBay is committed to providing our customers with a safe place to buy and sell while respecting the rights of intellectual property (IP) owners. The Verified Rights Owner (VeRO) program allows the owners of intellectual property rights and their authorized representatives to report listings that may infringe on those rights. **Sellers and rights owners, use the tabs below to learn more about the program.**

VeRO Participant Profiles

To help you safely sell branded products on eBay, we offer these pages written by intellectual property rights owners and similar organizations that work with eBay. These pages give information about the brands' products and legal positions. The rights owners are solely responsible for the content. Please contact the rights owners directly if you have questions. Some rights owners who work with eBay did not contribute a page, so the list of brands is not comprehensive.

If you represent a rights owner with a page below and have concerns about it, please contact us at vero@ebay.com.
