

Federation Against Copyright Theft (FACT) Ltd

FACT, the Federation Against Copyright Theft, is the trade body which protects its members in the film industry against copyright and trademark infringements in the UK.

FACT works with statutory enforcement agencies (Police, Trading Standards and HM Revenue and Customs and others) in the investigation and prosecution of the illicit import, manufacture and distribution of film product.

FACT members include major British and American studios, television, satellite distribution, media and production companies, industry associations and societies.

FACT has provided this page to help eBay users understand the legislation involved in buying and selling products on line, and to help identify auctions containing illegal film product.

If you believe you have found an auction containing illegal film product, please contact via:

Piracy hotline on 0845 60 34567 / Email to contact@fact-uk.org.uk / report via our website at www.fact-uk.org.uk
