

Fabriika

I design a range of sterling silver and gemstone jewellery. All fabriika designs are hand-crafted from the finest materials and I take care in overseeing the production of all my designs to ensure quality of workmanship.

Reproductions of any jewellery from the fabriika original design collection cannot be created or sold. I am a registered participant in the eBay Verified Rights Owner Program (VeRO). Help to protect creative and artistic endeavour by purchasing from original designers. If you see any copies of my work sold on other listings, please send me a message at fabriika@gmail.com

Copyright information: Original fabriika designs are covered by Australian and international copyright laws and no part may be reproduced by any process, nor may any other exclusive right be exercised, without the permission of Kim Mellor. This includes original designs, photographs and text.

Copies of original fabriika designs listed on eBay will be reported to VeRO.
