Fujikura Composites America, Inc. (Fujikura) is a division of Fujikura Rubber based in Tokyo, Japan. We are a market leader in the design, manufacturing and sale of high performance graphite golf shafts. Over the years we have expended considerable resources to acquire and maintain this reputation with world-class golfers and the general public and are known in the golf industry for providing products with the highest level of quality.

Fujikura is a member of the eBay VeRO Program and is the owner of many trademarks, patents and copyrights worldwide. Unauthorized use of our intellectual property and misrepresentation of our products by third parties can severely damage the reputation we have worked hard to earn. **We choose to participate in the eBay VeRO Program to educate eBay users about Fujikura's policy concerning auctions that infringe the intellectual propriety rights of Fujikura Composites, and to assist buyers in identifying unauthorized and/or counterfeit equipment.**

**Fujikura sells only to Original Equipment Manufacturers (OEM) and Authorized Charter Dealers and does not sell seconds or damaged goods.** Authorized Dealers can be found at [www.fujikuragolf.com](http://www.fujikuragolf.com) under the "Dealer Locator" menu item. Fujikura will use the eBay VeRO Program to report the listing(s) of any auctions it considers infringes its rights in any territory in which product is offered for sale or delivery. Fujikura cannot assist in the reinstatement of any auctions or eBay accounts, which have been terminated by eBay following a legitimate request by Fujikura in any territory.

The fact that others are selling products that infringe Fujikura's intellectual property rights does not give you the right to do so. Similarly, the fact that product is being sold on eBay is in no way a guarantee that it is genuine, authorized Fujikura product.

## **Protection of Fujikura Trademarks:**

Fujikura owns many trademark registrations worldwide. Those rights prohibit anyone other than Fujikura, or those whom Fujikura has authorized, from using our trademarks to sell goods using our marks.

## **Copyright Infringement:**

You cannot use copyrighted photos and/or text produced and published by Fujikura to promote the sale of any item. Additionally, you cannot produce an unauthorized copy of the genuine product and offer it for sale.

eBay sellers have the responsibility to ensure that your actions do not violate the intellectual property right of Fujikura. Ignorance that it is a violation of any trademarks, patent or copyright laws is no excuse.
