

## Galiva Inc.

Galiva Inc. manufactures and distributes socks and other clothing articles under the Galiva brand. Galiva seeks to prevent customer confusion and deceptive practices of others by enforcing the eBay VeRO policies with regard to the use of Galiva's intellectual property on eBay. This page is provided to educate eBay users about listings that violate eBay's VeRO policies. Galiva works hard to maintain and build the Galiva brand and, as such, we must aggressively protect our intellectual property rights from infringers and review items for sale on eBay on a daily basis.

Galiva sells to authorized dealers only and does not sell second quality products or damaged goods. Galiva strictly controls all design, manufacturing, distribution and advertising to ensure the highest level of quality products.

It is legal to re-sell genuine Galiva products that were purchased in their original, unaltered form. Galiva trademarks may be used to describe such items. However, the use of Galiva images, graphics and logos cannot be used to promote the sale of such items. Anyone who produces, copies, distributes or displays Galiva's copyrighted materials, including photographic images and accompanying item descriptions appearing on the Galiva website and/or any of its properties without Galiva's permission may be liable for copyright infringement. In addition, the use of the Galiva trademark in connection with goods not made by Galiva is strictly prohibited.

Although Galiva works to ensure that all unauthorized uses of its intellectual property are removed from eBay, it is difficult to identify and remove every unauthorized item. The fact that others are selling products that infringe Galiva's intellectual property rights does not give others the right to do so. As a seller, you have the responsibility to ensure that your auctions do not violate the intellectual property rights of another. Ignorance of an intellectual property violation is no excuse. Before listing a Galiva product on eBay, you must take affirmative steps to ensure that your listing does not violate any of our copyright or trademark rights.
