

Incipio Technologies, Inc.

Incipio began in 1999 with the goal of making a case that would protect your mobile device. Over the last 15 years we have grown to an award-winning global designer and manufacturer of mobile device accessories and technologies that are sold in over 40,000 retail locations worldwide. As the industry evolves, Incipio is continually at the forefront of mobile technology. Incorporating technologies like Bluetooth low energy, wireless charging, NFC, and mobile apps, we are a company that integrates technology in innovative, undiscovered ways. Through our strategic partnerships and handset programs, we offer products at the time of device launch, providing consumers the accessories they need the moment their device is activated.

Regarding Incipio's Intellectual Property:

- If an auction is removed through eBay's VeRO program, it is due to the fact that the product being sold is believed to be counterfeit or is infringing upon Incipio's intellectual property.
- Incipio's product shots are copyrighted and only permitted for use with the express written consent of Incipio Technologies, Inc.
- Unauthorized use of copyrighted text or descriptions also require Incipio's express written consent and will also get your listing removed.
- Items purchased from eBay do not qualify for Incipio's legendary warranty.
- If a listing is found to be using Incipio's trademark or copyrighted property, it will be removed without prior warning to the seller.
- The only way to know for sure that you have bought an authentic Incipio product is to buy from an authorized reseller. If you believe that you have fallen victim to a counterfeit case, please report it on our website here:
