

Jim Pace Magic

Hi My name is Jim Pace. I am a full time magician. I have co authored 2 books, published 5 videos and DVDs, and invented dozens of magic tricks and accessories.

25 years ago I started to create magic effects for my own use. This led to creating and marketing my magic effects all over the world. You may have heard of some of my creations, they include **Hot leads fire wallet, Inviso Torch, The Alien Spinning Thing, The Igniter, The Flaming Comic Book, Master Flash, Sparkle Flash, The Web, Alien Autopsy, The Restaurant Workers Handbook, Jim Pace's A Material, The Volcano Wallet** and many others.

My Hot Leads Wallet has been a best seller for those magicians who have business cards. Hot Leads was created 8 years ago to hand your business card out in a way that your customer would remember for the rest of their lives... You will have to go to my store to see what I am talking about.

ATTENTION!!!

I want to ask for your help. Recently there have been some counterfeit, (Jim Pace) items that I have seen on line. Will you help me spot others?

As of January 1st...My Hot Leads Wallet has been seen in a couple of places as a pirated version and I must warn you that these are cheap imitations of my product. Please do not support theft in our community. My wallet is made of genuine Italian Leather and it has those words embossed on the left hand side when you open the wallet. My instructions are clear. The cover art is crisp and in color.

If you see any of my products that you might suspect as an imitation, help me help you and report them to Ebay and Pay Pal.

Your Friend,

Jim Pace
