

For over 50 years, K&N® has been an industry-leader in automotive filtration and technology—offering products to increase performance, protection, and longevity in thousands of vehicle applications for consumers worldwide. K&N® manufactures a variety of other protection and performance products, including air intake systems, oil filters, fuel filters, cabin air filters, and home air filters. Over the course of six decades, we've built a reputation for exceptional quality and customer service that millions of customers' trust.

K&N takes its brands seriously. We strive to maintain a healthy online marketplace and work diligently to protect our brands— AEM, Airaid and Spectre Performance, and reputation for providing the highest quality products to our customers across all channels. Our ceaseless efforts to build the K&N brands would be meaningless if we did not aggressively protect our Intellectual Property. To protect consumers from counterfeits and other infringing products, we partnered up with the VeRO Program to remove these items from eBay.

We are committed to protecting our copyrights, trademarks and other Intellectual Property against unauthorized use. Our name, logo and the photographic images, fit guides and item descriptions that appear on our websites and in our catalogs are protected by state, federal and international laws and may not be used without our permission. We have many registered trademarks in a multitude of countries around the world, including, but not limited to, the United States, Canada, U.K., China and the Netherlands.

There are a significant number of counterfeit and/or infringing K&N brands items listed on eBay. Sale of these items is illegal. The manufacture, distribution and/or sale of counterfeit goods carry criminal penalties and civil liability in the U.S. and other countries.

If an infringement of our copyrights, trademarks or other proprietary rights is identified on eBay, we will notify eBay and request that the auction be cancelled. The seller will be notified with our contact information.

#### **Please Read if Your Listing Was Removed!**

Our e-mail address for correspondence regarding listing removal is provided in the notice sent to you from eBay. If you contact us requesting information that is already contained within this page, you will, unfortunately, not receive a response. Also, due to the number of e-mails received daily, it may take up to a week to respond to any e-mails that address issues not discussed below. For us to accurately respond to any inquiries, we need your eBay seller ID and auction number. Without these, it will not be possible to respond with any relevant information.

If your auction or listing was removed from eBay through the VeRO Program, it was because we have reason to believe the product being sold is counterfeit and/or infringes upon our Intellectual Property.

Items purchased through unauthorized online vendors do not qualify for warranty.

The only way to be sure you have purchased an authentic K&N brands product is to purchase from an authorized reseller.

#### **Frequently Asked Questions (FAQ):**

##### **Q: Why was my auction suspended?**

**A:** K&N enforces its copyrights, trademark rights and other proprietary rights against unauthorized use. We believe that your listings on eBay infringes upon our rights. Therefore, we requested that eBay remove your listings.

##### **Q: Why hasn't etrailer.com suspended all auctions selling infringing merchandise?**

**A:** K&N enforces its Intellectual Property rights. The fact that others may be selling merchandise that infringes upon these rights does not give others the right to do so, nor does it prevent K&N from ending auctions that are identified. If you would like to report an auction that you believe violates K&N's rights and has not been suspended, please send the information along with the seller's name to the email in the notice sent to you from eBay.
