

Kathmandu Pty Ltd – eBay VeRO participant profile

As Australasia's leading outdoor adventure brand, Kathmandu is driven to inspire and equip the adventurer in all of us. Our gear is designed, tested, and adapted in New Zealand, where wild coastlines and snow-capped mountains breed innovation and the hunger to explore. At Kathmandu, everyone from product designers to store team members echo the belief that adventure begins when you pack your bag.

As an eBay VeRO Program member, Kathmandu reviews items for sale on eBay daily. Kathmandu seeks to prevent customer confusion and deceptive practices of others by enforcing the eBay VeRO policies with regard to the use of Kathmandu's intellectual property on eBay. This participant profile is provided to educate eBay users about auctions that violate eBay's VeRO policies. Kathmandu works hard to maintain and build the Kathmandu brand and, as such, we must pro-actively protect our intellectual property rights from infringers.

If your listing was removed pursuant to our request, it is because you have infringed the intellectual property rights of Kathmandu. This may be because the item was counterfeit, infringing the registered design and/or copyright of a Kathmandu product, or because the listing content was misusing one or more trademarks belonging to Kathmandu or the copyright that subsists in the content or images in our product listings. The content (including imagery and product descriptions) displayed on Kathmandu's eBay site is protected by copyright and other laws in Australia, and under similar laws and international conventions globally. Given the number of items on this platform, it is not possible for us to contact each seller individually before requesting that eBay remove the listing.
