

Leaf™ Design UK are a leading supplier of artificial plants, trees and accessories in the UK and Europe. Our trade website is at www.leafdesignwholesale.co.uk and our retail website at www.leafplants.co.uk.

We started enforcing our trademarks on eBay following complaints from customers who believed they were buying genuine Leaf™ products but were in fact purchasing substandard copies infringing our intellectual property rights which were not produced by us.

Our pictures, text and graphics are owned solely and exclusively by us and are not available for use without specific prior permission. We hold a broad array of intellectual property rights applying to our designs, logos, copyrights and trade names which encompass the goodwill and reputation we have spent many years developing. We monitor similar items to ensure that others do not infringe our intellectual property rights.
