

Magnolia Rubberstamps

Magnolia is one of the biggest manufactures of motive rubber stamps in the world. Our main characters, Tilda and Edwin are well known in the stamping community. The company started in 2000 and has grown fast the last couple of years. We are located in Sweden where we also make all the stamps and shipment from. Last year we expanded our market to design paper, paper flowers and we also started a new inspiration magazine for card makers all over the world! The Magnolia INK Magazine was a blast and today we sell about 25 000 copies with every edition. Please note that Martha A Edwin AB / Magnolia does not sell anything on eBay or any similar site. The only place you can find all of our products online is on our web shop.
