

Our Goal

As a member of the eBay VeRO Program, our goal is to protect our customers from counterfeit listings and to ensure product compliance. We continuously monitor the eBay sales platform to identify unauthorized use of the HOME INTUITION brand and will report all infringing activity to eBay.

Intellectual Property

HOME INTUITION does not authorize the usage of any Intellectual Property (“IP”) belonging to the brand. This includes, but is not limited to:

- Images
- Descriptions
- Titles

All instances of infringement will be verified, and then forwarded to the VeRO team so that they may take appropriate action.

Please note, the contents of this document are subject to change.

Thank you,

The Home Intuition Team
