

My Pageant Kid

My Pageant Kid

I'm Christy & thank you for visiting my page! First let me tell you a bit about myself, and my background with making patterns as well as designing & making Pageant apparel. At the age of 5 years, my loving & talented granny taught me to make my own patterns and sew clothing for my dolls. So, I grew up sewing, designing & making patterns. In school, I had four years of training in computer aided design (CAD). My hope was to be an engineer someday. Well, life happened & I got married, had kids, and the rest is history. I finally decided to combine my computer training and pageant experience into designing pageant patterns.

I have been operating my pageant apparel business for 8 years & I have been designing pageant patterns & making pageant dresses for over 10 years. I've been sewing for 27 years. We compete on all levels and I have over 25 years of pageant experience, as a contestant, a judge, and a pageant mom. All of my past & current experience keeps me up to date with the latest trends in pageant attire. Pageant related patterns are extremely hard to find, especially for designs that are stylish & provide a winning look. My patterns offer today's hottest trends & are accessible & affordable.

I not only design & sell my OWN pageant patterns but, I can design & create patterns especially for you. If you can dream it, chances are I can turn it into a pattern for you to sew. I can do swim wear, jumpsuits, jackets, western wear, and sportswear. I can also do casual wear, crowning outfits, and beauty dresses. The possibilities are endless!

Each pattern is computer generated from your specific measurements, and then tailored to match your design.

All of the dresses you see here were made with my ORIGINAL DESIGN patterns.

All of my patterns come with basic instructions (not detailed) and I am always available to assist you in any way possible.

I am an honest business person who is committed to quality products & the highest customer care. I assure you that all of my patterns were DESIGNED & CREATED BY ME.

My patterns are the property of mypageantkid.com and are sold for private use only. They may not be duplicated, altered or resold in any form. I sell my patterns to be used in garment construction. I do not offer re-sale rights to my patterns.

Please visit my website a www.mypageantkid.com
