

Started in 2021 as an earth-moving equipment company, TYPHON Machinery has grown into one of the largest sellers of mini excavators, skid steer loaders and forklifts in the United States.

All of our machines are manufactured under the 'TYPHON', 'STOMP' and 'TERROR' umbrella and the copyright is owned exclusively by TYPHON Machinery, which is a 100% owned subsidiary of MachineryAsia Pte. Ltd.

As TYPHON Machinery has built up a significant reputation in its trademarks and products, we are determined to protect our intellectual property in the most effective way possible. Accordingly, TYPHON will remove infringing listings from ebay and other online platforms to protect these valuable rights.
