

"Qi Coil" is a trademark owned by Quantum Wave Biotechnology Corp. Specializing in pulsed electromagnetic field (PEMF) therapy devices for meditation enhancement and low-frequency electromagnetic therapy apparatus, their products are distinguished by their unique design featuring a circular coil with the inscription "Qi Coil."

Quantum Wave Biotechnology Corp's trademark, "Qi Coil," encompasses not just the design of their pulsed electromagnetic field (PEMF) therapy devices, but also the term itself. The trademark, which consists of standard characters without any claim to a specific font style, size, or color, signifies the unique identity of their products.

Quantum Wave Biotechnology Corp takes pride in the quality and innovation of their offerings. They rigorously enforce their intellectual property rights, including trademarks and copyrights. Any unauthorized use of their trademarks, service marks, or copyrights, or reproduction, display, or distribution of their products, or marketing is subject to legal action for infringement. Quantum Wave Biotechnology Corp is committed to protecting its intellectual assets and ensuring their responsible use in the marketplace.
