How To Make Payment

Pay Using Bank Wire Transfer in association with eBay Inc.

To complete the transaction, payments must be made using bank-to-bank, priority wire transfer. Our transactions are valid only 48 hours, so you must complete the payment within 48 hours, otherwise the seller has to renew the transaction with us. When arranging your bank wire transfer payment, keep in mind that processing time depends upon your financial institution, some require a few hours or even a few days before they can wire funds. Banks which are fully automated have no difficulty processing payments when they have a full day in which to do so, especially if the receiving bank is instructed to credit an account on its books. Otherwise, the payment is likely to require more than one day for processing. Following the instructions will ensure your payment is received and applied accordingly.

1. Send the payment using eBay VPPA subsidiary account details;
2. E-mail* eBay Financial Department at: buyer-protections-purchases@europe.com the following payment information:

- ▶ **Case ID and Invoice #;**
- ▶ **Tracking # of the wire transfer;**
- ▶ **Senders Name and Address;**
- ▶ **Receivers Name and Address;**
- ▶ **Total Amount Sent.**

3. Fax* the bank payment receipt to eBay Financial Department at:

*We strongly recommend that you confirm the payment both by e-mail and by fax.

You are responsible for all wire transfer fees and any additional fees your financial institution may charge to complete the wire transfer transaction. Only full payments are accepted. Please mark bank charges debited into payers account to ensure payment is received in full. Include your full name on wire transfer documents to ensure payment is credited correctly. Please make sure the bank name, account name, and account number are input **precisely** as shown above. Incomplete information may cause payment rejection.

Payment and receipt copy must be received before **Wed 04 Feb, 2015**. If payment is not received before invoice due date the unpaid invoice becomes voided due to non-payment and the buyer may receive an unpaid item strike in accordance with our rules and policies.

Important Note:

As a buyer, you are responsible for reviewing and understanding eBay's policies, as well as all applicable laws and regulations as outlined in the User Agreement.

Buyers cannot commit to purchasing an item without paying. To understand the penalties, please refer to the Unpaid Item Policy. Buyers cannot buy an item when they do not meet the seller's terms, or buy with the intention of disrupting a listing. This is known as unwelcome and malicious buying. Buyers automatically enter into a legally contract to purchase the item from the seller if they approved as a buyer for an item. eBay's Unpaid Item policy requires buyers to pay the seller for the items that they commit to purchase. By not paying you are violating the Unpaid Item policy. When a buyer doesn't pay for an item they've purchased, it costs the seller time and money. By enforcing buyer/seller contractual agreements, the Unpaid Item policy helps create a safer and more successful marketplace.
